

School Profile: Gompers Elementary School

Introduction

We are a small neighborhood school with an enrollment of approximately 300 students which makes it a unique experience for our students. Our curriculum is rigorous and teacher teams work together to plan using the Common Core State Standards while supporting students as needed. Our goal is to teach students to read and think critically, solve problems, communicate effectively orally and in print, and to use technology in relevant ways. We are committed to working with families and the community to engage them as partners to support student learning.

Strengths

The diversity of our student body is a key strength for Gompers. Our Leadership Team identifies root causes for challenges and addresses them with meaningful action steps. Our staff demonstrates a high level of integrity, a desire to learn and implement best practices, and a commitment to teaming and problem solving.

Progress

Last year, staff and students continued to learn about the power of digital literacy being a G1 school. We worked on focused instruction, specifically around the writing process and supporting students to strengthen their writing. We continued to align our resources to support the implementation of the Behavior Education Plan. Our continued collaboration with Great Lakes has strengthened our ability to serve our students and we will have a newly remodeled library for the 2016-2017 school year.

Areas for Growth

Teams will continue to refine their collaborative practices around lesson planning with appropriate supports for all students. We will dive deeper into using a wide range of assessments including student work to reflect on our instruction and make changes as needed to support student learning. Through a wide range of assessments, we will increase our communication with families regarding progress towards grade level standards and further partner with families to collaborate around student success.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.

4K Yes
Title I Yes

Developmental Bilingual Education No
Dual Language Immersion No
SAGE Yes
Attendance Rate 95.3%
Total Enrollment 277

Demographics

ELL 30%
Low-Income 58%
Special Education 12%

Strategic Framework Goal #1 Milestones: On-Track to Graduate

Each bar shows the percent of students meeting the relevant metric overall and for the focus groups the school selected on their School Improvement Plan (SIP, when applicable).

MAP includes Grades 6-8. MAP Growth is based on the percent of students meeting typical Fall to Spring growth targets.

Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

Each bar shows the percent of students meeting the relevant metric overall and for SIP focus groups (when applicable). "No Goal" within bar indicates that the school chose not to set a goal for this metric (schools choose only one goal-setting metric for Goal #2).

Participation rates are based on transcribed courses.

Strategic Framework Goal #3 Milestones: Positive Climate

The table below shows the percent of responses within each dimension and group that were positive.
